1. Welcome – Cara Luce called the meeting to order at 9:05 a.m. and welcomed members.
2. Service Coordination Mechanism Revisions – Ms. Luce reviewed the updates to the Service Coordination Mechanism with the Council. She requested feedback and approval of the document. Council Members made some changes and approved the suggested revisions.
3. Service Coordination/HB 289 Tracking – Ms. Luce referenced page 10 on the Service Coordination Mechanism and the part crossed out under monitoring and tracking. She explained that we did have a computer program called EScore through Ohio State to track our Service Coordination kids. However, this program was pulled. Last year, she started working with Mindy Hutcherson/Center for Learning Excellence through Ohio State and she had helped with the House Bill 289 planning and Partnerships for Success. She has also worked with Jerry Bean/Ohio State professor on this tracking process. She distributed copies of the tracking documents that they have helped her develop. Ms. Hutcherson has offered to help Ms. Luce toward the end of the fiscal year to put all this information together to measure the information that has been tracked. Ms. Luce said that she will be requesting final approval at the Business meeting.
4. Next Meeting – The next meeting is a Business Meeting set for Friday, November 6, 2009 at the Gallia County Service Center.
5. Adjournment – The meeting adjourned at 9:20 a.m.
